PREFACE

The WIOA Program Guide serves as a handbook for contracted service providers to implement the Workforce Innovation and Opportunity Act (WIOA). This guide includes a description of WIOA, grant requirements, as well as information about MOSES, the Individual Service Strategy (ISS), testing options, and other fundamental items. For a sequence of services, refer to Section IV. All key terms throughout the guide (bolded and underlined) are defined in the glossary.

All sample forms and reference materials are located in the Attachments section following the glossary. All forms included in the back of this guide are also listed on the Mayor's Office of Workforce Development website, owd.boston.gov, under Partner Forms/WIOA Youth.

OWD has created other materials for your reference, including: a WIOA Youth MOSES Guide, a MOSES Reports Guide, and an Invoicing/Budgets Guide.

If the guide fails to answer your questions, please do not hesitate to contact OWD or staff at other WIOA-funded programs that are experienced in WIOA. OWD contacts are included in Section VII: Administration; contact information for staff of current WIOA-funded programs is in Attachment 6: Programs Descriptions and Contacts.

I. WHAT IS WIOA?

In 2014, President Obama signed the **Workforce Innovation and Opportunity Act** into law, superseding the **Workforce Investment Act (WIA)** of 1998. WIOA took effect on July 1, 2015.

FOR MORE INFORMATION

visit www.doleta.gov/wioa.

WIOA aims to:

- Increase access to education, training, and employment.
- Create a comprehensive, high-quality workforce development system by aligning workforce investment, education, and economic development.
- Promote improvement in the structure and delivery of services.
- Increase the prosperity of workers and employers.
- Reduce welfare dependency, increase economic self-sufficiency, meet employer needs, and enhance the productivity of the nation.

Some key changes under the WIOA Title I Youth Services, include

- Increased percentage of funds to be spent on out-of-school youth from 30% to 75%.
- Extended out-of-school age limit from 21 to 24 years.
- Streamlined process for documenting eligibility.
- New fund allotment for work experiences at 20%.

II. HOW IS WIOA FUNDING ALLOCATED?

The federal Workforce Innovation and Opportunity Act (WIOA) offers a broad range of *interconnected, year-round services*. In Boston, the Mayor's Office of Workforce Development (OWD), the Boston WIOA Youth Council, and the Boston Private Industry Council (PIC) all share responsibility for the Act's success.

The Office of Workforce Development (OWD), previously known as the Mayor's Office of Jobs and Community Services (JCS), is an innovative public agency that seeks to promote economic self-sufficiency to ensure the full participation of all Boston residents in the city's economic vitality and future, seeking to connect low-income residents with job training and employment opportunities and to promote lifelong literacy and educational pathways. The primary focus of OWD is to enable competitive workforce development initiatives and policies to put Boston's youth and adults on career paths toward economic security.

OWD uses city, state, and federal funding to support programs in their goals. One such funding source is the Workforce Innovation and Opportunity Act (WIOA). WIOA is a formula fund, calculated in part based on unemployment data from the previous year. It originates at the US Department of Labor, is distributed to the Massachusetts Department of Career Services, and then to the state's sixteen local service delivery areas, one of which is Boston.

OWD leads the procurement process. In conjunction with the **Boston Private Industry Council (PIC)**, OWD makes WIOA funding recommendations that are approved by the Boston Youth Council. These recommendations are lastly approved by the Workforce Investment Board (WIB).

OWD also works jointly with the Department of Career Services (DCS) and the US Department of Labor (DOL). **Department of Career Services (DCS)** oversees Massachusetts's network of One Stop Career Centers which assist programs and businesses with career guidance as well as job and training referrals. Programs are encouraged to use DCS Career Centers as a resource for youth to utilize. **US Department of Labor (DOL)** works to regulate, promote and foster the success of the US workforce.

■ SERVICE PROVIDER PROCUREMENT

Fiscal Year 2016 is an open and competitive year, meaning that OWD issues a **Request for Proposal (RFP)** to qualifying service agencies. Based on the assessment of the given program, OWD will reward WIOA contracts for a one-year period. Fiscal Year 2017 is a refunding year. Depending on the availability of funding, proof of adequate performance, and the submission of a refunding application, programs are awarded a second year of funding. Programs can then reapply for funding by responding to the next competitive RFP in FY18.

■ CONTRACTING

OWD will notify programs if they have been awarded WIOA funding. After being awarded, programs must work with OWD to develop their contract. In the contracting process, programs and OWD will come to an agreement on the number of participants to be served in the fiscal year. There are also several other uniform contract forms that programs must complete. Visit OWD's website for the most up-to-date forms.

III. REQUIREMENTS OF AWARDED PROGRAMS

All WIOA-Youth funded programs in Boston must:

- Use at least 75% of WIOA funds to serve out-of-school youth (OSY).
- Use 20% of funds on work experiences.
- Make available the **Fourteen Elements of Youth Services** either in-house or through partnerships and referrals with other organizations (Section III and Attachment 4).
- Develop strong connections to local employers and post-secondary education and training institutions, including the adult career center and training system. If not already established, service providers can access these connections through organizations such as the **Boston PIC** or the **Boston Youth Service Network (BYSN)**.
- Provide **Follow-Up Services** to participants for at least 12 months after program completion.
- Use **Massachusetts One Stop Employment System (MOSES)** to record participant data (Section III).
- Use the **Individual Service Strategy (ISS)** to develop a career plan with the participant (Step Four).

■ MASSACHUSETTS ONE STOP EMPLOYMENT SYSTEM (MOSES)

The Massachusetts One Stop Employment System (MOSES) database is used for service providers to enter data, update client progress, report outcomes, run reports, and any other aspects of MIS needs. The MOSES youth file consists of the youth's basic information, education level and history, work experience, barriers, academic test scores, goals, notes, and case plan. MOSES reports that OWD runs are used to monitor data entry. To access the database, program staff must attend a MOSES 101 training to be certified by DCS.

In order to utilize MOSES, programs must:

- Have access to the Internet.
- Have a computer capable of displaying data 800x600.
- Possess communication speed equal to or better than a DSL communication link.
- Provide their own anti-virus protection.
- Have a desktop computer available for MOSES use, for security purposes.

MOSES provides a tool for case management. The **Case Plan**, an aspect of MOSES, can be used to enter youth goal information, task, services, events, and notes. For further information on the MOSES Case Plan, see Attachment 21.

■ FOURTEEN ELEMENTS OF YOUTH SERVICES

Under the provisions of WIOA, all fourteen elements must be available as needed to prepare youth participants for employment, improve educational competencies, and provide support to youth.

WIOA Elements of Service can be provided as part of the in-house program offerings, through collaborations with other organizations, or through referral mechanisms. Service providers record the WIOA elements youth receive in MOSES and the Individual Service Strategy (ISS). Program elements can happen concurrently or sequentially depending on the needs of the youth.

Once youth have been deemed eligible and enrolled in WIOA, they must be informed of the broad range of services available to them. The appropriate blend of services needed by the youth is determined by objective assessment, ISS, and youth input.

FOURTEEN ELEMENTS OF SERVICE

For more details, see Attachment 4.

1. Tutoring, study skills training, etc.	Tutoring, study skills training, instruction, and evidence-based dropout prevention and recovery strategies that lead to completion of the requirements for a secondary school diploma or its recognized equivalent (including a recognized certificate of attendance or similar document for individuals with disabilities) or for a recognized post-secondary credential
2. Alternative Education	Alternative secondary school services or dropout recovery services, as appropriate
3. Paid and Unpaid Work Experience	Paid and unpaid work experiences that have as a component academic and occupational education, which may include summer employment opportunities and other employment opportunities available throughout the school year; pre-apprenticeship programs; internships and job shadowing; on-the-job training opportunities
4. Occupational Skills Training	Occupational skill training, with a focus on recognized post-secondary credentials and in-demand occupations
5. Education offered concurrently with workforce preparation	Education offered concurrently with and in the same context as workforce preparation activities and training for a specific occupation or occupation cluster
6. Leadership Development	Leadership development opportunities, which may include community service and peer-centered activities encouraging responsibility and other positive social and civic behaviors, as appropriate
7. Support Services	Youth receive support with child care options, linkages to community service, assistance with transportation, assistance with housing, referrals to medical services, behavioral health services, and assistance with work related attire.
8. Adult Mentoring	Adult mentoring for the period of participation and a subsequent period, for a total of not less than 12 months
9. Follow-Up Services	Follow-up services for at least 12 months after program completion
10. Comprehensive Guidance and Counseling	Comprehensive guidance and counseling, including drug and alcohol abuse counseling and other counseling referrals
11. Financial Literacy Education	Financial literacy activities
12. Entrepreneurial Skills Training	Entrepreneurial Training
13. Labor Market Information	Services that provide labor market information about in-demand industry sectors and occupations such as career awareness, career counseling, and career exploration services
14. Post-secondary Preparation	Post-secondary preparation and transition activities

IV. SEQUENCE OF SERVICES

■ STEP ONE: INTAKE

Intake is used to determine the participant's suitability for the grant and the program. Program staff typically conduct an initial interview and describe the program and grant requirements to the youth. It is the responsibility of the service provider to determine the initial assessment process. At this point a youth file is developed. For an example of a completed youth file, see the Youth File Attachments 8-24.

1. Equal Employment Opportunity

Before grant enrollment, program staff must review Equal Employment Opportunity and the Grievance process. Youth then sign the WIOA Grievance Procedures Form, which is kept in their Youth File. (See Attachment 17 for a sample Grievance Procedures Form). WIOA-funded organizations must include the Equal Opportunity Notice and Policy Complaint Process posters that must be put up in a visible place at the program's location. They can be found in Attachments 29-30.

2. Probation Period

Service providers are permitted to allow a probation period (typically just two to four weeks) prior to WIOA enrollment, where youth may participate in the program. The probation period provides the service provider and the youth with an opportunity to determine whether the program is a good match. **However, WIOA funding cannot pay for participant costs (stipends, etc.) until OWD has approved the individual's eligibility and s/he has been enrolled in the WIOA in MOSES.**

3. WIOA Dual Enrollment & Referrals

If a youth is already enrolled in WIA/WIOA at another program, the participant does not need to re-determine eligibility in WIOA. Simply enroll the participant in the appropriate element. Both agencies must collaborate to engage the participant. Both agencies should review the ISS and enter appropriate services and notes in MOSES. The agency that initially enrolled the participant remains the lead agency until the participant exits from the grant.

In other instances, a youth may choose to change service providers altogether. Should such a circumstance arise, the service provider should assure that the case manager appropriately transfers the youth's ISS files to the new service provider organization and to a newly designated case manager.

4. Requires Additional Assistance Limit: In accordance with WIOA Sec. 129 (a)(3)(B), not more than 5 percent of the in-school youth may be an individual who requires additional assistance to complete an education program or to secure or hold employment.

■ STEP TWO: ELIGIBILITY

Eligibility is determined in order to enroll the participant in WIOA. Once grant eligibility is approved, it applies until the participant completes the goals in their ISS or drops out. Re-determining eligibility is only needed if the participant has exited.

For example, if an OSY enrolls at 23, is determined eligible, but stays in the program until 25 or 26, that is allowable, as long as s/he continues working on ISS goals. If an ISY is enrolled and then enrolls in post-secondary, for WIOA purposes, they remain an ISY.

The service provider will determine eligibility for youth that are an appropriate service match.

Eligibility determination includes:

- **Out-of-school youth** between the ages of 16 – 24, or **In-school-youth** between the ages of 14-21;
- Resident of Boston;
- **Low-Income Individual**, if applicable;
- U.S. Citizenship or Right to Work Documentation;
- Selective Service registration for males 18 and older;
- Having one or more **barriers**, as listed below.

In-School Youth:

(A) attending school (as defined by State law);

(B) not younger than age 14 or (unless an individual with a disability who is attending school under State law) older than age 21;

(C) a low-income individual; AND one or more of the following:

- Basic skills deficient.
- An English language learner.
- An offender.
- A homeless individual including homeless children or youth
- A runaway, in foster care or has aged out of the foster care system, a child eligible for assistance, or in an out-of-home placement.
- Pregnant or parenting.
- A youth who is an individual with a disability.
- An individual who requires additional assistance to complete an educational program or to secure or hold employment:
 - Youth who failed the MCAS in the last round,
 - youth who has been identified as truant or as having as significant school attendance problem based on the BPS standard or law enforcement referral,
 - Youth who requires English as a Second Language instruction,
 - Youth who resides in a single parent household, or
 - Youth who resides in a public housing development.

PUERTO RICAN BIRTH CERTIFICATES

For eligibility documentation purposes, Puerto Rican birth certificates are not acceptable if issued prior to September 30, 2010.

[Mass Workforce Issuance 10-77: New Puerto Rican Birth Certificate Requirement, Revised](#)

Out-of-School Youth:

(A) not attending any school (as defined under State law);

(B) not younger than age 16 or older than age 24; and one or more of the following:

- A school dropout.
- A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter.
- A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is basic skills deficient; or an English language learner.
- an individual who is subject to the juvenile or adult justice system.
- a homeless individual including homeless children or youth
- a runaway, in foster care or has aged out of the foster care system, a child eligible for assistance, or in an out-of-home placement.
- an individual who is pregnant or parenting.
- a youth who is an individual with a disability.
- a low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment:
 - Youth who failed the MCAS in the last round,
 - youth who has been identified as truant or as having as significant school attendance problem based on the BPS standard or law enforcement referral,
 - Youth who requires English as a Second Language instruction,
 - Youth who resides in a single parent household, or
 - Youth who resides in a public housing development.

1. Eligibility Documentation and Approval

To demonstrate youth eligibility under WIOA, supporting documents must be submitted electronically to OWD for approval. See Attachment 1: Allowable Eligibility Documents as a guide to collecting the proper documents. Completed eligibility documents can be sent on a rolling basis. Once OWD approves the participant to enroll in WIOA, program staff can then enroll the participant in the grant in MOSES. This becomes the WIOA grant enrollment date.

Participants are the responsibility of the organization until approved by OWD. Any youth who is not found to be eligible for WIOA funding becomes the responsibility of the program, and will not be covered by WIOA funding.

Sample forms are included in the Attachments section; the most up-to-date forms can be downloaded from OWD's website. All eligibility documents are kept as part of the youth file.

Eligibility documents should be emailed to Dee Dee Allen deedee.allen@boston.gov and to Cassie White cassandra.white@boston.gov. Please send the checklist as a Word document and the rest of the eligibility documents as a PDF. If changes are requested, please resubmit the entire PDF.

2. Proving Low-Income Eligibility

With WIOA's focus on serving Out-of-School Youth with barriers to employment and education, low-income eligibility is not always necessary.

Participants must be proven low-income only if:

- they are an In-School Youth
- they are an Out-of-School Youth **and their barrier is one of the following:**
 - one of the locally defined barriers under **Requires Additional Assistance:**
 - failed the MCAS in the last round,
 - identified as truant or as having a significant school attendance problem based on the BPS standard or law enforcement referral,
 - requires English as a Second Language instruction,
 - resides in a single parent household, or
 - resides in a public housing development.
 - Diploma/HiSET/GED and English Language Learner
 - Diploma/HiSET/GED and Basic Skills Deficient

One of the following methods proves that the participant is low-income:

1. **Public Assistance:** Receives or is a member of a family that receives, or in the past 6 months has received, Supplemental Nutrition Assistance Program (**SNAP**) assistance, or the Supplemental Security Income (**SSI**) program, or State or local income-based public assistance.

If the participant's name is not on the public assistance letter, documentation must be submitted that shows the recipient and the participant share a household or are related.

2. **High Poverty Area:** Follow the directions on Attachment 16: Poverty Threshold Census Tract to see if the participant lives in a High Poverty Area. If the participant "passes", the census website and the Poverty Threshold form are both printed and kept in the youth file.
3. **Family income:** Is in a family with total income that does not exceed the higher of the poverty line or 70 percent of the lower living standard income level. See Attachment 2 for Youth Family Income Limits.

Use Attachment 15 Family Income Eligibility Worksheet and collect 6 months of proof of income for the entire family. In cases where six months of income is unavailable, program staff can reference Attachment 3: Methods for Calculating Annualized Income sheet.

4. **A homeless individual.**
5. Receives or is eligible to receive **free or reduced price lunch**.
6. **A foster child** on behalf of whom State or local government payments are made.
7. **Disability:** Is an individual with a disability whose own income meets the requirements of (3): Family income.

3. Exceptions to Low-Income Eligibility

If the participant is not low-income and it is a requirement for their eligibility, participants may still be able to enroll in WIOA through the use of the 5% Window (see Attachment 28 for the 5% Window Policy). Each local area is allowed up to 5% of its overall participants to be ineligible as a low income individual. Use of the 5% Window Policy can be requested through checklist in the eligibility approval process (see Attachments 9 & 10). Granting this exception is left to the discretion of the Office of Workforce Development and is based on availability.

4. Selective Service

According to federal law, all male-born individuals, regardless of gender identity must be registered for Selective Service. If the youth is enrolled at 17 and turns 18 while in the program, it is the responsibility of the staff to ensure that they register for Selective Service within 30 days of their 18th birthday.

Service providers are encouraged to use the Selective Service Commitment Form (Attachment 13) for males enrolling in WIOA who are not yet 18 years of age.

For reference, see Attachment 28: Boston's local Selective Service Policy or [Mass Workforce Issuance 19.101: WIOA Title I Youth Eligibility](#).

5. Eligibility Reference Forms:

Attachment 1: Allowable Eligibility Documents lists all components of eligibility and a comprehensive list of documents that can be used to prove eligibility. (Supporting documents can be used to prove more than one element of eligibility. For example, a MA birth certificate can prove age as well as U.S. Citizenship.)

Attachment 2: Youth Family Income Limits gives thresholds for maximum income that a participant can have to be considered low-income, and is dependent on family size. The figures are updated every year.

Attachment 3: Methods for Calculating Annualized Income describes other methods for calculating annualized income when six months of documentation is not available.

Attachment 28: Boston Residency Policy states that all WIOA participants must be Boston residents and lists appropriate documentation to prove residency.

Attachment 28: Income Calculation Policy describes how family income is calculated to prove low-income.

Attachment 28: Selective Service Policy describes the requirements for selective service registration including which WIOA participants must be registered and when.

Attachment 28: Social Security Policy describes that OWD safeguards social security numbers of WIOA participants by not accepting documentation with social security numbers, including social security cards.

Attachment 28: 5% Window Policy outlines appropriate use the 5% window to potentially provide services for a participant who is otherwise not economically eligible.

Attachment 28: Applicant Statement Policy describes how applicant statement forms are to be used, in a limited way, to document the following eligibility items: family income, residency, family size, pregnancy/parenting, homelessness, offender, and school dropout.

Attachment 28: Requires Additional Assistance Policy defines requires additional assistance to complete an educational program or to secure or hold employment and outlines allowable documentation:

- Youth who failed the MCAS in the last round,
- Youth who has been identified as truant or as having as significant school attendance problem based on the BPS standard or law enforcement referral,
- Youth who requires English as a Second Language instruction,
- Youth who resides in a single parent household, or
- Youth who resides in a public housing development.

6. Eligibility Forms:

Attachment 9: WIOA Youth Enrollment Checklist (Out-of-School Youth) guides program staff to ensure that all elements of eligibility for each Out-of-School Youth are met and indicates which documents are included to prove each element of eligibility.

Attachment 10: WIOA Youth Enrollment Checklist (In-School Youth) guides program staff to ensure that all elements of eligibility for each In-School Youth are met and indicates which documents are included to prove each element of eligibility.

Attachment 11: Telephone Verification Form can prove eligibility when no other methods of information verification are available. The information obtained must be documented on the standardized form. Information recorded must be adequate to enable the monitor or auditor to trace back to the cognizant agency or the document used. Telephone verification must include the name of the agency representative providing the verification information.

Attachment 12: Applicant Statement Form may be used to document eligibility for family income, residence, and proof of family size when all other attempts to secure documentation have been exhausted.

Attachment 14: Document Inspection Verification Form proves the validity of all eligibility documents. This form is only to be used for documents for which it is unlawful to photocopy (e.g. a birth certificate).

Attachment 15: Family Income Eligibility Worksheet records economic eligibility based on family income.

Attachment 16: Poverty Threshold Census Tract proves that the participant lives in a **High Poverty Area** and therefore is proven low-income.

7. MOSES Entry

All appropriate eligibility information must be entered into MOSES prior to eligibility approval and grant enrollment. Upon receipt of eligibility documents, OWD will review MOSES data to ensure proper data entry. Please refer to the MOSES Guide for details.

■ STEP THREE: GRANT ENROLLMENT

Participants can enroll in the WIOA grant **only after** their eligibility documents have been approved by OWD. See the MOSES Guide for steps on grant enrollment in MOSES.

■ STEP FOUR: DEVELOPING THE INDIVIDUAL SERVICE STRATEGY (ISS)

As stated in Mass Workforce Issuance 14-77, the Individual Service Strategy (ISS) is the basis for the entire case management strategy. It is designed to be developed in partnership with the participant and reflect the needs indicated by the objective assessment and the expressed interests of the participant. The ISS is the framework for justifying decisions concerning the appropriate service mix and sequence of services.

The ISS is developed with the participant upon the enrollment into a WIOA Title I Youth program. It is reviewed and updated regularly as the youth participates in the program, and reviewed formally at least twice annually.

The ISS must:

- Include goals and service plans that are open-ended
- Map services that are consistent with participant needs and goals
- Contain both short and long term goals that are measurable and have target completion dates
- Be customizable to meet the needs and strengths of each participant
- As appropriate, include referrals made to entities external to the program
- Service element are associated with the goals
- Service plan is drafted in cooperation with the participant
- Include documentation of periodic review in cooperation with the participant
- Include participant and program representative signatures demonstrating mutual commitment
- Include date initially developed, review dates, and date of completion

The ISS captures: education history, work history, basic academic skills, career interests and skills, occupational skills, assets and strengths, labor market information, support services, goals with a plan of action, fourteen elements activities, and progress notes.

The **Massachusetts Career Information System (MassCIS)** is an online resource that can be used by program participants to explore their interests and career options. Programs must utilize some type of career/interest profiling system. The MassCIS is a popular choice, however programs may use other tools, such as Career Cruising, upon approval.

For more details, see the [Mass Workforce Issuance 14-77: Youth Individual Service Strategy Requirements](#) or Attachment 28: Boston's Individual Service Strategy policy and Instructions.

1. ISS Sections

- **Personal Information:** include name, contact information, MOSES ID, case manager, educational background, and work experience.
- **Educational Background:** include whether ISY/OSY, high school, post high school, etc.
- **Work Experience:** include employer, job title, wage, etc.
- **Career Interests:** The **Interest Profiler** is an online tool designed to help youth identify interests and potential careers. Youth complete the Interest Profiler by rating their interest in activities related to various careers. The Interest Profiler organizes the youth's interests into six broad categories of work. Youth can complete the Interest Profiler in approximately 20 minutes.

Based on the results from the Interest Profiler, youth investigate occupations that match their career interest by clicking on an interest. Once the youth click on an interest area, a link will bring them to a list of occupations associated with the interest area.

Results from the Interest Profiler are used as a conversation starter between the youth and case manager to set short and long term goals that will lead to employment, post-secondary education, or training.

Once youth complete the online Interest Profiler assessment, a hard copy of the assessment must be kept in the youth's file. The top three interests and the top career choice from each of the interest areas are recorded in the ISS.

- **Occupational Skills:** The **Skills Assessment** in MassCIS can be used to identify occupational skills. Youth begin the assessment by selecting skills that they feel are very satisfying, moderately satisfying, or somewhat satisfying. The Skills Assessment tool then rates the skills selected and calculates the youth results. The assessment takes about twenty minutes. The Skills Assessment is intended to be a conversation starter between the youth and the case managers to discuss assets and strengths.

A hard copy of the Skills Assessment must be printed and kept in the youth's file. The top five skills are recorded in the ISS.

- **Basic Education Skills:** The following assessment tools are approved for use by the National Reporting System (NRS):

Comprehensive Adult Student Assessment Systems (CASAS): CASAS assessments are available online. OWD purchases CASAS eTests on behalf of providers. See Attachment 19 for a sample CASAS assessment. In order to gain rights to administer tests in CASAS, program staff need to go through a series of training and assessments.

Tests of Adult Basic Education (TABE): a paper test designed to assess participants' math and reading proficiency levels in order to understand their assets and challenges, and therefore better plan their goals for the program. **TABE 9&10 is the approved version.**

Massachusetts Adult Proficiency Test (MAPT) and General Assessment of Instructional Needs (GAIN) are also approved tests that assess math and reading proficiency levels.

Test dates, pre-test scores, and post-test scores are recorded in the ISS. **Hard copies of all completed assessments must be kept in the Youth File.**

Literacy and numeracy proficiency is measured as part of one of the three performance measures. See Section VI.

- **Labor Market Information:** Participants research labor market growth for careers or fields they are interested in to understand salary and growth trends. Record the results of LMI research and the name of the Labor Market Inventory Tool. A copy of the Labor Market research is kept in the Youth File.

Some options for labor market research are:

- Career OneStop - www.careeronestop.org
- Workforce One - www.workforce3one.org
- US Department of Labor - www.doleta.gov/usworkforce
- US Bureau of Labor Statistics - www.bls.gov

- **Work Readiness: The MA Work-Based Learning Plan (WBLP)** is one option to measure work readiness. A condensed version of the WBLP is in Boston's ISS; the full WBLP can be found at: skillspages.com/masswbl. Record the dates of each review. At least two reviews should be completed throughout the program period to measure participant progress.
- **Support Services/Special Considerations:** identify youth's needs, applicable services, service provider, and notes/considerations.
- **Personal Interests:** record youth's personal interests.
- **Goals:** record both short-term and long-term goals (basic skills, occupational, and work readiness goals), summary of goals, dates established and attained, and plans of action.
- **Fourteen Elements of Youth Services:** confirm that youth has an understanding of the fourteen elements. Record all elements that are provided to the youth and list the service provider, start and end dates, and comments. (See Section III for details.)
- **Youth Progress Notes:** Record the service, date of entry, progress, amendments to plan, and case manager initials with each new item. Alternatively, notes can be kept in MOSES and printed upon request.

2. ISS Development

After reviewing results from the assessments, the case manager and the youth meet to identify and mutually agree upon a mix of services necessary to attain the youth's short and long term goals. The ISS is then signed and dated by both the youth and their case manager.

Information collected in the ISS must also be entered into MOSES and included in the Youth File. Please refer to the MOSES Guide, the ISS for directions.

MOSES Case Plan: Alternatively, program staff may choose to enter all appropriate information in MOSES and then generate and print the MOSES Case Plan through the Job Seeker/Documents/Job Seeker Case Plan feature in MOSES.

The following is entered in MOSES:

- Work Experience
- Education Information
- Testing and Assessments (pre- and post-test scores and dates)
- Labor Market Information
- Goals (including a description and plan of action)
- Barriers
- Services
- Notes

And the following is written or typed into the Case Plan once generated:

- Skills
- Strengths and Assets
- Youth and case worker signatures

The Work Readiness assessment is completed separately and kept in the youth file.

3. Ongoing ISS Management

Case managers meet with the youth regularly to review and determine progress towards goals. These items must be updated in both MOSES and the ISS in a timely manner.

Additionally, case managers must be mindful of confidential information. If the information is not deemed appropriate to be recorded in the ISS, it should be maintained in a secure location.

4. ISS Closure

A youth's case plan may be closed for one or more of the following reasons:

- After the appropriate follow-up period and verification that a youth has achieved his/her goals as described in the youth's ISS file.
- After verification that a youth has moved out of the area and will no longer participate in the program services as described in the ISS file.
- After verification from a youth that he or she has decided to no longer participate in the program of services described in the ISS file.
- After a 90 day period following the case manager's last contact with a youth who has ceased to participate in the planned services, and who has not achieved their stated goals or other unanticipated circumstances may also warrant formal case plan closure in the ISS.

■ STEP FIVE: CASE MANAGEMENT

In order for youth to best utilize the fourteen elements of service, programs must organize and implement a case management system. **Case management** is a method of providing youth with a formal, structured plan of action designed specifically to empower them to overcome any barriers to attaining their goals. Within the program, it is strongly recommended that each youth be assigned a case manager that serves to assist them in these objectives. The case management model implies a partnership between the case manager and the youth. All case management-related matters should be recorded in the ISS, which can then be recorded in the MOSES case plan section. For details on the ISS, refer to Step Four; for MOSES assistance, refer to the MOSES Guide.

■ STEP SIX: EXITING WIOA AND PROVISION OF FOLLOW-UP SERVICES

A participant exits the WIOA system when s/he has successfully satisfied the short and long term goals defined in the ISS, or when a period of 90 days has elapsed during which the participant has failed to stay in contact with the program. MOSES has an automatic exit function known as an “auto-exit”. Service providers should enter the last service the youth received and then start the 12 months of monthly follow-up 30 days later. The grant exit date will be backdated to the date of the last service.

Follow-up is one of the WIOA fourteen elements that must be provided to all participants upon program exit for a period of twelve months. Follow-up must occur whether the youth has completed the program successfully or not. Programs are encouraged to consider the needs of individual youth in determining the appropriate level and type of follow-up services. Follow-up is also an opportunity to gather information in outcomes (employment, education, etc.). All follow-up activity must be recorded in MOSES. At minimum, follow-up should entail monthly progress in relationship to his or her ISS goals and, where necessary, a recommendation for obtaining additional services. When the youth does not receive service for longer than 90 days but then returns for additional service, they will have exited from MOSES; the eligibility process must begin again for them to be re-enrolled.

Service providers are encouraged to use a variety of outreach methods as a means to conduct the required follow up.

Methods of follow-up include:

- Contact via telephone conversations;
- Email or texting;
- The use of social media, such as Facebook or Twitter;
- Alumni events;
- Correspondence or newsletters, and;
- Contact with friends and family.

V. MONITORING

■ SITE VISITS

Site visits to WIOA funded service providers are conducted at least once per year. The purpose of a site visit is to determine the level of service providers’ success in their delivery of WIOA services.

The **Administrative Review** site visit consists of a list of questions intended to determine whether the program is delivering services according to their proposed plan.

The **File Review** consists of reviewing the youth eligibility documentation, the Individual Service Strategy (ISS) forms, and to locate the posted Grievance Procedures and Equal Employment Opportunity (EEO) law information. OWD may review a sample or all WIOA Youth Files, in hard copy and/or in MOSES. See the Youth File Checklist (Attachment 8) for reference.

A **Classroom Observation** may be requested. The Classroom Observation could consist of speaking with the youth in the program regarding their opinion of the quality of the services delivered. Youth may be asked to share and provide feedback about their experience in the program.

Other site visits could include help with the MOSES database, other technical assistance as requested, and/or presence at program events such as graduations or special performances.

■ DCS MONITORING

Each year the MA Department of Career Services (DCS) monitors local areas, including Boston. DCS staff meet with OWD staff to discuss policies and procedures. DCS staff also review youth hard copy and MOSES files. DCS creates a random list of a sample of youth files. OWD then requests a copy of those youth files from program staff. Program staff should verify that the youth's file is complete and matches the MOSES file. DCS may request additional documents, and program staff are expected to comply in a timely manner.

■ CORRECTIVE ACTION

Corrective Action is the process that occurs prior to contract suspension and/or termination and the de-obligation of funds, and after all other technical assistance efforts have proven to be ineffective in reaching a resolution.

EDIC Program Management will initiate corrective action in the following situations:

- When a regulatory violation has occurred;
- When participants' health or safety is threatened;
- When primary contracted services have not been delivered;
- When funds have been improperly expended; or
- In the event that performance is significantly below plan.

VI. PERFORMANCE

■ COMMON MEASURES

Common Measures are the performance measures established by the Department of Labor to evaluate performance of WIOA programs. The common measures are reported to Congress, stakeholders, and the public to indicate how well the workforce system is meeting the needs of the target population served.

The group of youth participants that is placed in a given measure is called a **cohort**. Youth will be subject to the common measures depending on their employment and educational status at the time of enrollment. Each measure is calculated independently of one another; for example, youth can achieve one positive and one negative out of two possible outcomes, or three positive out of three outcomes.

The three common measures are detailed below, and exclusions of the measures are listed to the right.

PERFORMANCE MEASURE EXCLUSIONS

Youth are excluded from the performance measure if they are:

- institutionalized/incarcerated
- relocated to a mandated residential program or
- exited for health/medical reasons
- deceased
- called up for active duty

Must be identified and documented by the end of the 3rd quarter after exit.

PERFORMANCE QUARTERS

If a participant exited on May 10th, the performance quarters would be as follows:

JAN	FEB	MAR	Exit Quarter			1 st Quarter after Exit			2 nd Quarter after Exit		
			APR	MAY EXIT: May 10	JUN	JUL	AUG	SEP	OCT	NOV	DEC
3 rd Quarter after Exit			4 th Quarter after Exit			JUL	AUG	SEP	OCT	NOV	DEC
JAN	FEB	MAR	APR	MAY	JUN						

COMMON PERFORMANCE MEASURES: THRU FY16

	1. PLACEMENT IN EMPLOYMENT OR EDUCATION	2. ATTAINMENT OF DEGREE OR CERTIFICATE	3. LITERACY OR NUMERACY GAIN
Who qualifies for the cohort?*	Youth not in post-secondary education or employment at start date	Youth enrolled in education prior to or during WIOA program	Out-of-school youth who are basic skills deficient**
What is considered a positive outcome?	Gain employment, enter the military, enroll in post-secondary education or advanced training	Attainment of a diploma, HiSET, GED or certificate	Increase one or more educational functioning levels See Attachment 5 for EFL levels
When is the outcome measured?	First quarter after exit	At any point during the WIOA program, up to the third quarter after exit	One year after youth start date
Required MOSES Data Entry	-Enter employment or educational attainment as an outcome. -Enter follow-up or retention after exit from the grant.	-Enter attainment as an outcome. -Enter retention after exit from the grant.	Pre-Test and Post-Tests

*Outcomes are only measured for youth in the cohort, according to MOSES reports and determined by the information entered into MOSES

**After a first year in the program, youth are only included in the cohort if they complete a full second year of participation

COMMON PERFORMANCE MEASURES: BEGINNING FY17

	1. PLACEMENT IN EMPLOYMENT OR EDUCATION	2. ATTAINMENT OF DEGREE OR CERTIFICATE	3. MEASURABLE SKILL GAIN	4. MEDIAN EARNINGS	5. EMPLOYER MEASURE
Who qualifies for the cohort?*	All participants	Enrolled in education at grant start or during program	Participants enrolled in an educational component		
What is considered a positive outcome?	Gain employment, enter the military, enroll in post-secondary education or advanced training	Attainment of a diploma, HiSET, GED or certificate and are either employed or enrolled in post-secondary or advanced training	-increased one EFL -for one year achieves academic standards (transcript/report card) -satisfactory progress toward established milestone from an employer/training provider (OJT, apprenticeship program) -completed an exam required for a particular occupation (knowledge-based exams)		
When is the outcome measured?	2 nd and 4 th quarter after exit	At any point during the WIOA program, within one year of exit	One year after youth start date	Second quarter after exit	
Required MOSES Data Entry	-Enter employment or educational attainment as an outcome. -Enter follow-up or retention after exit from the grant.	-Enter attainment as an outcome. -Enter retention after exit from the grant.	-Pre-Test and Post-Tests -New MSG tab in MOSES		

VII. ADMINISTRATION

■ REPORTS

Service providers submit a **Program Report** (Attachment 25) each month or quarter, depending on the invoicing schedule determined by the program. Program Reports describe participant progress, important program developments, and areas of challenge or success.

A Service Plan (Attachment 26) is updated and submitted to OWD each quarter. Service Plans track progress toward enrollment and outcomes goals.

■ INVOICES

Programs are expected to complete an **invoice** detailing their expenses each month or quarter. The invoicing schedule is determined by the program. An invoice cannot be processed without receipt of a Program Report. For details, see OWD's Invoice Guide.

GLOSSARY

Administrative Review: part of a site visit. This review is performed by the Office of Workforce Development. It consists of a list of questions intended to determine whether the program is delivering services according to their proposed plan.

Barriers: situations which create obstacles in the way of educational, financial, and/or workforce success for a given individual. Participants must have at least one documentable barrier in order to enroll in WIOA. *For In-School Youth and Out-of-School Youth barriers, see definitions of ISY and OSY.*

Basic Skills Deficient: “with respect to an individual—

(A) who is a youth, that the individual has English reading, writing, or computing skills at or below the 8th grade level on a generally accepted standardized test; or

(B) who is a youth or adult, that the individual is unable to compute or solve problems, or read, write, or speak English, at a level necessary to function on the job, in the individual’s family, or in society.”

Boston Private Industry Council (PIC): the local organization that serves Boston’s Workforce Investment Board, overseeing much of the funds flowing through OWD. OWD works with the PIC on program development and policy development for youth programming in Boston. Service providers are encouraged to use PIC as means to connect to these resources.

Boston Youth Service Network (BYSN): is the network of nonprofit service providers who offer alternative education, career exploration, and summer job programs for youth in Boston. OWD funds these organizations and works with them on program development and policy development. For more information, visit bysn.org.

Comprehensive Adult Student Assessment Systems (CASAS): “a nonprofit organization that focuses on assessment and curriculum development of basic skills for youth and adults. CASAS is used by federal and state government agencies, business and industry, community colleges, education and training providers, correctional facilities, and technical programs.”³ The OWD has approved CASAS as a method of testing, and allocates a portion of the WIOA funds for this assessment.

Case Plan: is a feature in MOSES that generates youth personal information, assessments, goal information, services, and notes. OWD allows for the case plan to take place of the ISS as long as all sections are completed and appropriately documented.

Case Management: a method of providing youth with a formal, structured plan of action designed specifically to empower them to overcome any barriers to attaining their goals. Each youth must be assigned a case manager to assist them. For more information on case management, please see Section IV, Step Five.

Classroom Observation: could be an element of a site visit. A classroom observation consists of speaking with the youth in the program regarding their opinion of the quality of the services delivered. Youth may be asked to share and provide feedback about their experience in the program.

Cohort: a group of youth participants that is placed in any one of three measures: Placement in Employment or Education, Attainment of Degree or Certificate, or Literacy or Numeracy Gain.

Common Measures: the performance measures established by the Department of Labor to evaluate performance of programs with similar goals. Common measures are reported to Congress, stakeholders, and the public to indicate how well the workforce system is meeting the needs of the target population served.

Corrective Action: the process that occurs prior to contract suspension and/or termination and the de-obligation of funds, and after all other technical assistance efforts have proven to be ineffective in reaching a resolution.

Department of Career Services (DCS): oversees Massachusetts's network of One Stop Career Centers which assist programs and businesses with career guidance as well as job and training referrals. Programs are encouraged to use DCS Career Centers as a resource for youth to utilize.

Department of Labor (DOL): consists of several boards which work to regulate, promote and foster the success of the US workforce.

File Review: An element of the annual site visit or upon request. Review is performed by OWD; it consists of reviewing the youth eligibility documentation, the Individual Service Strategy (ISS) forms, and to locate the posted Grievance Procedures and Equal Employment Opportunity (EEO) law information.

Follow-Up Services: One of the Fourteen Elements of Youth Services. Entails servicing and contacting the youth subsequent to their exit from the program. According to WIOA protocol, follow-up must begin 30 days after the participant has officially received their last WIOA service. Follow-up must continue monthly for 12 months.

Fourteen Elements of Youth Services: the fourteen areas of opportunity which programs must offer to youth participants. Programs may outreach to other organizations to provide the complete array of items. Includes: 1) Tutoring, study skills training, etc. 2) Alternative Education, 3) Paid and Unpaid Work Experience, 4) Occupational Skills Training, 5) Education Offered Concurrently with Workforce Preparation, 6) Leadership Development, 7) Support Services, 8) Adult Mentoring, 9) Follow-Up Services, 10) Comprehensive Guidance and Counseling, 11) Financial Literacy Education, 12) Entrepreneurial Skills Training, 13) Labor Market Information, 14) Post-Secondary Preparation. For details on each element, see Section III or refer to Attachment 4.

High Poverty Area: "a youth who lives in a High Poverty Area is automatically considered to be a low-income individual. A High Poverty Area is a Census Tract, a set of contiguous Census Tracts, Indian Reservation, tribal land, or Native Alaskan Village or county that has a poverty rate of at least 30 percent as set every 5 years using American Community Survey 5-Year data." The Poverty Threshold Census Tract is used to determine and document whether a participant lives within a High Poverty Area.

In-School Youth: "an individual who is—

- (A) attending school (as defined by State law);
- (B) not younger than age 14 or (unless an individual with a disability who is attending school under State law) older than age 21;
- (C) a low-income individual; AND one or more of the following:
 - Basic skills deficient.
 - An English language learner.
 - An offender.
 - A homeless individual including homeless children or youth
 - A runaway, in foster care or has aged out of the foster care system, a child eligible for assistance, or in an out-of-home placement.
 - Pregnant or parenting.
 - A youth who is an individual with a disability.
 - An individual who requires additional assistance to complete an educational program or to secure or hold employment."

Individual Service Strategies (ISS): a standard hard copy form used to document individual strategies for each youth. Sections include Personal Information, Skills, Labor Market Information, Work-Based Learning Competencies, Support Services, Goals, Fourteen Elements, and Youth Progress Notes. For an in depth description, see Step Four of Section IV, and/or refer to Attachment 20 for a sample of the form.

Intake: used to determine the participant's suitability for the program. A service provider typically conducts an initial interview and describes the program to the youth.

Interest Profiler: a portion of the Massachusetts Career Interest Systems (MassCIS) designed to help youth identify interests and potential careers. Youth complete the Interest Profiler by rating their interest in activities related to various careers. The Interest Profiler organizes the interests into six broad categories of work. The Interest Profiler can be completed in approximately 20 minutes.

Invoicing: programs must submit monthly or quarterly to receive cost-reimbursement payments. For more information, see the Invoicing Guide online on the OWD website under Partner Forms.

Low-Income Individual: "an individual who—

(A) receives, or in the past 6 months has received, or is a member of a family that is receiving or in the past 6 months has received, assistance through the supplemental nutrition assistance program established under the Food and Nutrition Act of 2008.

(B) is in a family with total family income that does not exceed the higher of

- the poverty line; or
- 70 percent of the lower living standard income level;

(C) is a homeless individual including homeless children or youth.

(D) receives or is eligible to receive a free or reduced price lunch.

(E) is a foster child on behalf of whom State or local government payments are made; or

(F) is an individual with a disability whose own income meets the income requirement of clause, but who is a member of a family whose income does not meet this requirement."

Massachusetts Adult Proficiency Test (MAPT): a test designed to assess participants' math and reading proficiency levels in order to understand their assets and challenges, and therefore better plan their goals for the program. MAPT is approved by the OWD as an option for methods of testing, however unlike CASAS programs must provide the funding for MAPT themselves.

Massachusetts Career Information System (MassCIS): "designed to provide occupational and educational information to help people make better-informed career and school choices...a comprehensive, interactive system developed by intoCareers. Thousands of schools, state agencies, and individuals throughout the United States use CIS products. DCS provides the occupational and school information for Massachusetts" MassCIS is one of the tools you can use to create an interest/skill assessment profile for youth. For more information, see the MA CIS Guide and Attachments 23-24.

Massachusetts One Stop Employment System (MOSES): the database used for contractors to enter data, update client progress, report outcomes, run reports, and any other aspects of MIS needs. The MOSES youth file consists of the youth's basic information, education level and history, work experience, barriers, academic test scores, goals, notes, and case plan. For more information on MOSES, see Section III or refer to the MOSES Guide

Massachusetts Work-Based Learning Plan (WBLP): "is used to structure youth employment placements, including summer jobs, internships, cooperative education placements, volunteer and service learning experiences, and more" It is one option to measure work readiness. A condensed version of the WBLP is in Boston's ISS; the full WBLP can be found at: skillspages.com/masswbl.

Office of Workforce Development (OWD): is an innovative public agency that seeks to promote economic self-sufficiency to ensure the full participation of all Boston residents in the city's economic vitality and future, seeking to connect low-income residents with job training and employment opportunities and to promote lifelong literacy and educational pathways. The primary focus of OWD is to enable competitive workforce development initiatives and policies to put Boston's youth and adults on career paths toward economic security. While OWD continues to support adult basic education, ESOL and Hi-set related programs, OWD

stresses the importance of collaboration with the city's workforce development and education initiatives, with an overall emphasis on empowering Bostonians to fulfill their educational and employment aspirations.

Previously, OWD was known as the Mayor's Office of Jobs and Community Services (JCS).

Out-of-School Youth: "an individual who is—

- (A) not attending any school (as defined under State law);
- (B) not younger than age 16 or older than age 24; and one or more of the following:
 - A school dropout.
 - A youth who is within the age of compulsory school attendance, but has not attended school for at least the most recent complete school year calendar quarter.
 - A recipient of a secondary school diploma or its recognized equivalent who is a low-income individual and is basic skills deficient; or an English language learner.
- (C) an individual who is subject to the juvenile or adult justice system.
- (D) a homeless individual including homeless children or youth
- (E) a runaway, in foster care or has aged out of the foster care system, a child eligible for assistance, or in an out-of-home placement.
- (F) an individual who is pregnant or parenting.
- (G) a youth who is an individual with a disability.
- (H) a low-income individual who requires additional assistance to enter or complete an educational program or to secure or hold employment."⁹

Program Report: a required review filled out by programs each quarter. Service providers must account for program updates, analysis of strengths and challenges, use of MOSES and the ISS, and additional comments and questions. After completed, all reports must be sent to OWD.

Request for Proposal (RFP): a funding opportunity an agency publicizes to elicit bids from service providers.

Requires Additional Assistance: "to complete an educational program, or to secure and hold employment."

Each local area defines Requires Additional Assistance Barriers. They must not be duplicative of the WIOA in-school and out-of-school eligibility barriers and describe a population of youth who may benefit from WIOA Title I activities but would otherwise be excluded based on eligibility

Site Visits: are conducted at least annually by OWD to monitor WIOA service providers. The purpose of site visits is to determine the level of service providers' success in their delivery of WIOA services. The main site visit consists of an Administrative Review and a File Review. Other site visits may include technical assistance, or attendance of program events (graduations, presentations, performances, etc.)

Skills Assessment: a portion of the Massachusetts Career Interest Systems (MassCIS) designed to help youth identify interests and potential careers. Youth begin the assessment by selecting skills that they feel are very satisfying, moderately satisfying, or somewhat satisfying. The Skills Assessment tool then rates the skills selected and calculates the youth results. The Skills Assessment takes about 20 minutes.

Tests of Adult Basic Education (TABE): a test designed to assess participants' math and reading proficiency levels in order to understand their assets and challenges, and therefore better plan their goals for the program. TABE is approved by OWD as an option for methods of testing, however unlike CASAS programs must provide the funding for TABE themselves.

Workforce Investment Act (WIA): the previous version of WIOA (Workforce Innovation and Opportunity Act), enacted in 1998 and replaced in 2014. For changes from WIA to WIOA, see definition of WIOA.

Workforce Innovation and Opportunity Act (WIOA): replaced the 1998 Workforce Investment Act (WIA). WIOA is “designed to help job seekers access employment, education, training, and support services to succeed in the labor market and to match employers with the skilled workers they need to compete in the global economy.”¹¹ WIOA maintains the goal of assisting individuals to find and retain jobs through provisions of employment training, education, and support services. Key changes include: increasing the percentage of funds to be spent on out-of-school youth from 30% to 75%, extending the out-of-school age limit from 21 to 24 years, and streamlining the process for documenting eligibility. Additionally, 20% of funds must be spent on work experiences.

Work Experience: “paid and unpaid work experiences that have as a component academic and occupational education, including: summer employment opportunities and employment throughout the year, pre-apprenticeship programs, internships and job shadowing, and on-the-job training opportunities” A minimum of 20% of Boston's local area funds must be spent on work experience. This must be tracked on each invoice and submitted to OWD.

5% Window Policy: If not economically eligible, participants may be able to participate in the program through the use of the 5% Window (see Attachment 28). Each local area is allowed for up to 5% of its overall participants to be ineligible as a low income individual. Granting individual eligibility status using this exception is left to the discretion of the Office of Workforce Development. Use of the 5% Window Policy can be requested through the checklist in the eligibility approval process (see Attachment 8).

Attachment 3: Methods for Calculating Annualized Income

METHODS FOR CALCULATING ANNUALIZED INCOME

When calculating income, States and SDAs are encouraged to use any one of the following methods as appropriate. The examples are illustrative only and SDAs should obtain as many pay stubs as possible.

1. STRAIGHT PAY OR SALARY METHOD

Under the Straight Pay Method, the participant supplies a sample of pay stubs covering the most recent six months of family income. Upon reviewing the pay stubs the intake worker determines that the wage information on the pay stubs is the same. There is no variation in the wages for any of the pay stubs submitted for the income verification.

The intake worker will calculate the income based upon the wages indicated on one of the pay stubs, since there are no variations in the gross income on the pay stubs. Based upon the length of the pay period represented by the pay stubs, (usually weekly, bi-weekly or monthly) the gross income is multiplied by the number of pay periods in a year. That is, 52 x gross wages, 26 x gross wages, or 12 x gross wages respectively. The result will be the annualized income used to determine eligibility.

EXAMPLE:

Five (5) pay stubs are provided indicating gross wages of \$548.00 each. The pay stubs are sporadic and cover a period of 3 months. The pay frequency is bi-weekly. An intake worker would multiply the gross wages indicated on the pay stub by the frequency occurrence.

$$26 \times \$548 = \$14,248$$

2. AVERAGE PAY METHOD

Under the Average Pay Method, a sample of six pay stubs are submitted which show variations in the gross earnings. The variations may result from overtime, lost time or work for different employers.

In calculating the annualized income, the intake worker must determine the average gross earnings based upon the number of pay stubs provided. To determine the average gross earnings, the intake worker must total the gross earnings of all the pay stubs provided and divide the result by the number of pay stubs. The result will be the average gross earnings per pay period. After determining average gross earnings the intake worker will then determine the pay frequency and multiply the gross average earnings by the number of pay periods in a year.

EXAMPLE:

Participant provides intake worker with six (6) pay stubs with gross earnings of; \$534.00, \$475.00, \$398.00, \$534.00, \$498.00, and \$534.00. The pay frequency is weekly. The intake worker should do the following:

$$\text{Add: } \$534 + \$475 + \$398 + \$534 + \$498 + \$534 = \$2973.00$$

$$\text{Divide: } \$2973/6 = \$495.50 = \text{Average gross earnings}$$

$$\text{Multiply: } \$495.50 \times 52 = \$25,766 \text{ Annualized gross income}$$

3. YEAR-TO-DATE METHOD

Under the Year-To-Date Method of calculating annualized gross income, the participant provides recent pay stubs with cumulative year-to-date gross earnings indicated on the pay stub. The cumulative year-to-date gross earnings indicate the gross earnings up to the date of the pay period ending date on the pay stub. To compute the annualized income, the intake worker counts the number of pays that have occurred since January 1, and divides that number into the gross year to-date earnings indicated on the pay stub. [After this computation, the steps are the same as for the average pay method.] The result of this computation (average gross income per pay period) is then multiplied by the number of pay periods in a year to determine the annualized gross earnings.

EXAMPLE:

Participant provides the intake worker with a recent pay stub whose gross year-to-date earnings are \$13,756. The pay period ended September 30, 1992. The pay frequency is bi-weekly. Upon counting the number of pays that have occurred since January 1, 1992, the intake worker has determined that the participant has been paid 19 times. Calculation of the gross annualized income would be done as follows:

Divide \$13,756 by 19 bi-weekly pays = \$724.00

Multiply \$724.00 by 26 = \$18,824 (based upon bi-weekly pay frequency 26 pays per year) or

Divide \$13,756 by 38 weekly pays = \$362.00

Multiply \$362.00 by 52 = \$18,824 (based upon weekly pay frequency 52 pays per year)

4. INTERMITTENT WORK METHOD

When an applicant has not had steady work with one or more employers, she/he should supply as many pay stubs as possible and complete an Applicant Statement explaining all missing pay stubs and non-work periods during the last six months. In such cases the intake worker should total all wages for the six month period and multiply the result by two to annualize the wage income.

If the applicant reports little or no includable income, as shown above, she/he should indicate other resources relied upon for life support during the last six months on the Applicant Statement. Such resources may include such things as unpaid debts, gifts, loans, unemployment compensation, etc.

WIOA Title I Youth | Funded Programs in FY16

Alternative Education

Action for Boston Community Development - University High School (UHS) is a secondary program developed through a unique partnership with community-based organization Action for Boston Community Development and Boston Public Schools. UHS provides Boston students, 16-22 years old, with a dynamic opportunity to reengage in their learning through an accelerated educational pathway and earn their high school diploma. Students seeking admission into ABCD University High School have fallen behind at least one grade level in high school AND have an interest in pursuing post-secondary educational options (community college, 4 year college/ university, technical and/ or vocational job training certification). At ABCD University High School the students and faculty believe, We RISE! Through Resilience, Integrity, Scholarship and Empowerment our students will graduate with a high school diploma, an educational plan, knowledge, skills, and the support to achieve their goals, as lifelong learners, in education, a career, and civic participation.

EDCO Youth Alternative is an alternative high school program that has operated in association with the Boston Public Schools (BPS) since 1979. The mission of EDCO Youth Alternative is to educate young people and guide them toward their goals of a high school diploma and a successful step beyond graduation. We seek to create a diverse community and supportive environment that empowers students to work through difficulties, learn academic and life skills, and become advocates for a promising future. EDCO serves students ages 16-20 who need a smaller, more supportive environment in order to be successful. Completion of the program leads to a BPS diploma.

El Centro del Cardenal-Youth Education of Catholic Charities offers students both English and Spanish HiSET preparation in a culturally sensitive setting that seeks to connect school to the world of work through career plan development and community service projects.

Notre Dame Education Center (NDEC) offers a year-round Youth Services Program consisting of a High School Diploma Program (for students aged 16-21) and a HiSET Program (for students aged 16-24). Diploma classes meet in the afternoon (1:00 - 5:30) and HiSET classes meet in the morning (11:00 - 1:00). NDEC incorporates school to work activities such as a workforce skills curriculum, career and higher education counseling and placement, internships/job shadowing, and a summer computer training into its programs.

X-Cel Education's mission is to make high school completion and college-level study more accessible to low-income adults in Greater Boston by providing flexible, customized instruction at no cost in convenient community locations. Our high school equivalency and college prep classes have made a difference to more than 900 students who have increased their reading and math levels by at least one grade.

Career Exploration and Employment

Action for Boston Community Development – Career Exploration older youth explore careers in Health Careers, Financial Services, Multimedia Building Trades and Green Jobs, Early Childhood Education, Culinary Arts and others. Learn basic skills, visit worksites, receive job placement and case management services. SummerWorks is a jobs and mentoring program for Boston Youth ages 14-21.

College Bound Dorchester - Maritime Apprentice Program (MAP) The Hull Lifesaving Museum’s Maritime Apprentice Program (MAP) is a Career Exploration program offering intensive, year-round training for young men and women in the custody of the Department of Youth Services. MAP operates out of the Museum’s Seaport Boat shop in downtown Boston’s Marine Industrial Park. MAP creates viable, entry-level employees for the vibrant Marine Trades industry in the Port of Boston. Caseworkers are invited to inquire about program openings.

More Than Words is a social enterprise that empowers youth ages 16-21 who are in the foster care system, court-involved, homeless or out-of-school youth to take charge of their lives by taking charge of a business. The MTW model is premised on the belief that an actual job, one which provides a hands-on, real-world training combined with high expectation, accountability and opportunities for personal development, is the best way to equip youth with marketable skills critical for success in school, work, and life. What began with a pile of books by the side of the road in 2004 is now a successful business with a codified model, theory of change, and a proven track record of success in both social impact and business metrics.

Sociedad Latina - Health Careers for Youth the Pathways to Success program offered through Sociedad Latina provides a unique and innovative solution to empower youth ages 10-21. The daily programs are centered on some of the most challenging subject areas including Education, Workforce Development, Civic Engagement, and Arts & Culture. The program staff recognizes the common barriers that students face in schools and the community and provides them with resources needed to succeed and to build a positive future. Youth leaders at Sociedad Latina work to improve the conditions of Latinos in Boston, connect with their cultural identity, and learn skills necessary to be successful in the 21st century. By encouraging individuals to take pride in their decisions, Sociedad Latina seeks to create a new generation of self-sufficient and confident youth.

Year Up Boston is a research-validated, high caliber program that endeavors to move traditionally underserved Boston-area young adults from poverty to professional careers and higher education in one year. To do this, we combine five months of classroom-based technical (hard) and professional (soft) skill development, a six-month, full-time professional internship at one of our employer partner sites, college credits, and an educational stipend in a high expectation, high support environment.

YouthBuild Boston YouthBuild Boston (YBB) was founded in 1990 with the goal of providing underserved young people with the support and credentials needed to successfully enter the trades. While YBB promotes the core values of youth development and community service. It stands out as an innovative non-profit offering a hands-on approach to building trades training. Students are put on a career path through highly successful programs, from construction training to sustainable landscape design. Not only do these programs provide opportunities in vocational education, but also academic instruction, counseling and other life skills that readily strengthen and prepare students for the workforce upon graduation.

Skills Training

East Boston Neighborhood Health Center trains young adults as Home Health Aides and Certified Nurse’s Aides (CNAs). In partnership with the health center, Maverick Landing Community Services staff will provide ongoing case management, tutoring and counseling. EBNHC itself is an employer for the CNA track. Bunker Hill Community College offers developmental courses in math and English and a college-level Medical Terminology course.

Employment and Job Statistics

Current Employment Statistics (CES-790)

A monthly survey of more than 8,000 employers provides estimates of employment by industry for the state and for seven Metropolitan New England City and Town Statistical Areas (NECTA). The Boston-Cambridge-Quincy, MA-NH Metropolitan NECTA includes six Metropolitan Statistical Divisions in which employment estimates are produced for Massachusetts. Statewide hours and earnings data are published for selected industries within the manufacturing super sector. The Current Employment Statistics program data is based on the North American Industrial Classification System (NAICS).

NOTE TO DATA USERS, as of March 6, 2014:

NOTE TO DATA USERS; as of March 10, 2015: Statewide data series have been revised to reflect annual benchmark revisions and seasonal adjustments for 2009 to 2014.

As of March 12, 2015 New England City and Town Area estimates have been revised back to 1990. Seasonally adjusted total jobs data for selected areas are available. This year the 2010 Census area delineations have been implemented resulting in changes to the geographic composition of sub-state areas. This realignment has allowed for the publication of each of the NECTA divisions in the newly defined Boston-Cambridge-Nashua MA-NH Metropolitan NECTA. The area with the largest geographical change is the Springfield MA-CT Metropolitan NECTA.

All Employee Hours and Earnings (AEPP)

All Employee Hours and Earnings Payroll series are now available for the private sector. The statewide and metropolitan statistical area series provide estimates for average weekly hours, average weekly earnings and average hourly earnings.

To access the Massachusetts data click on the [BLS Data Tool](#)

Employment and Wages by Industry and Area (ES-202)

Quarterly data is derived from more than 150,000 Massachusetts employers subject to unemployment compensation laws. Industry employment and payroll information is produced both quarterly and annually for the state, New England City and Town Statistical Areas, labor market areas, workforce investment areas, counties, cities and towns. Annual files contain more up-to-date data than previously released quarterly files. NAICS based employment and wage data are available beginning with the first quarter of 2001.

Business Employment Dynamics (BED)

Business Employment Dynamics data track the expansion and contraction of employment for private businesses. Over the quarter changes in gross job gains (expansions and openings) and gross job losses (reductions and closures), and the net change in employment at the establishment level are available through this new series.

Attachment 28: Boston Local Policies

I. Boston Residency Policy

Each WIOA Title I Youth participant must be a Boston resident at the time of eligibility certification. Exceptions can be made for participants who are homeless and placed outside of Boston. In this case, Boston residency prior to placement, homelessness, and intent to return to Boston must be documented. *Documentation must include the participant's name and his/her Boston address.* Documentation can be sourced from any of the following:

1. Letter from a Government Agency (DTA, DYS, SSA, etc.)
2. Government-issued ID (Driver's License, MA ID, etc.)
3. Lease
4. Boston Housing Authority Verification
5. Landlord Statement
6. Utility Bill
7. Homelessness Documentation
8. Recent pay stub or bank statement
9. Residence or Auto Insurance Policy
10. Letter from school
11. Medicaid or Medicare Card
12. Postmarked Mail Addressed to Applicant
13. Selective Service Registration Card
14. Applicant Statement Form (See VIII: Applicant Statement Policy)

II. Income Calculation Policy

As stated in Mass Workforce Issuance 19.101, youth may need to be proven low-income in order to be eligible to receive WIOA services. If program staff use the 6 months of family income method to prove low-income status, the OWD Family Income Eligibility Worksheet must be used when determining eligibility.

All income, both inclusions and exclusions, must be entered on the Worksheet, as listed according to Mass Workforce Issuance 01-08. Income inclusions and exclusions must also be documented. **If a family member has no income, an applicant statement form must also explain the extent to which program staff verified documents for family members that have no income.** (See VIII: Applicant Statement Policy.)

The Worksheet auto-calculates and annualizes income entered. Participants must document and verify their family size, which is also entered into the Worksheet. The maximum allowable income for the family size entered displays on the worksheet. If the participant's annualized income is lower than the maximum allowable income, the youth is determined low-income. OWD updates the Worksheet each year to reflect updated income guidelines. If not all documents are available for the six-month period, the program staff uses OWD Methods for Calculating Annualized Income sheet to find the most appropriate method and follows those directions.

The program staff sends the Income Calculation Worksheet with backup documentation and the applicant statement, if applicable, to OWD as part of the eligibility documents for review and approval.

METHODS FOR CALCULATING ANNUALIZED INCOME

When calculating income, States and SDAs are encouraged to use any one of the following methods as appropriate. The examples are illustrative only and SDAs should obtain as many pay stubs as possible.

1. STRAIGHT PAY OR SALARY METHOD

Under the Straight Pay Method, the participant supplies a sample of pay stubs covering the most recent six months of family income. Upon reviewing the pay stubs the intake worker determines that the wage information on the pay stubs is the same. There is no variation in the wages for any of the pay stubs submitted for the income verification.

The intake worker will calculate the income based upon the wages indicated on one of the pay stubs, since there are no variations in the gross income on the pay stubs. Based upon the length of the pay period represented by the pay stubs, (usually weekly, bi-weekly or monthly) the gross income is multiplied by the number of pay periods in a year. That is, 52 x gross wages, 26 x gross wages, or 12 x gross wages respectively. The result will be the annualized income used to determine eligibility.

EXAMPLE:

Five (5) pay stubs are provided indicating gross wages of \$548.00 each. The pay stubs are sporadic and cover a period of 3 months. The pay frequency is bi-weekly. An intake worker would multiply the gross wages indicated on the pay stub by the frequency occurrence.

$$26 \times \$548 = \$14,248$$

2. AVERAGE PAY METHOD

Under the Average Pay Method, a sample of six pay stubs are submitted which show variations in the gross earnings. The variations may result from overtime, lost time or work for different employers.

In calculating the annualized income, the intake worker must determine the average gross earnings based upon the number of pay stubs provided. To determine the average gross earnings, the intake worker must total the gross earnings of all the pay stubs provided and divide the result by the number of pay stubs. The result will be the average gross earnings per pay period. After determining average gross earnings the intake worker will then determine the pay frequency and multiply the gross average earnings by the number of pay periods in a year.

EXAMPLE:

Participant provides intake worker with six (6) pay stubs with gross earnings of; \$534.00, \$475.00, \$398.00, \$534.00, \$498.00, and \$534.00. The pay frequency is weekly. The intake worker should do the following:

$$\text{Add: } \$534 + \$475 + \$398 + \$534 + \$498 + \$534 = \$2973.00$$

$$\text{Divide: } \$2973/6 = \$495.50 = \text{Average gross earnings}$$

$$\text{Multiply: } \$495.50 \times 52 = \$25,766 \text{ Annualized gross income}$$

3. YEAR-TO-DATE METHOD

Under the Year-To-Date Method of calculating annualized gross income, the participant provides recent pay stubs with cumulative year-to-date gross earnings indicated on the pay stub. The cumulative year-to-date gross earnings indicate the gross earnings up to the date of the pay period ending date on the pay stub. To compute the annualized income, the intake worker counts the number of pays that have occurred since January 1, and divides that number into the gross year to-date earnings indicated on the pay stub. [After this computation, the steps are the same as for the average pay method.] The result of this computation (average gross income per pay period) is then multiplied by the number of pay periods in a year to determine the annualized gross earnings.

EXAMPLE:

Participant provides the intake worker with a recent pay stub whose gross year-to-date earnings are \$13,756. The pay period ended September 30, 1992. The pay frequency is bi-weekly. Upon counting the number of pays that have occurred since January 1, 1992, the intake worker has determined that the participant has been paid 19 times. Calculation of the gross annualized income would be done as follows:

Divide \$13,756 by 19 bi-weekly pays = \$724.00

Multiply \$724.00 by 26 = \$18,824 (based upon bi-weekly pay frequency 26 pays per year) or

Divide \$13,756 by 38 weekly pays = \$362.00

Multiply \$362.00 by 52 = \$18,824 (based upon weekly pay frequency 52 pays per year)

4. INTERMITTENT WORK METHOD

When an applicant has not had steady work with one or more employers, she/he should supply as many pay stubs as possible and complete an Applicant Statement explaining all missing pay stubs and non-work periods during the last six months. In such cases the intake worker should total all wages for the six month period and multiply the result by two to annualize the wage income.

If the applicant reports little or no includable income, as shown above, she/he should indicate other resources relied upon for life support during the last six months on the Applicant Statement. Such resources may include such things as unpaid debts, gifts, loans, unemployment compensation, etc.

III. Individual Service Strategy Policy and Instructions

As stated in Mass Workforce Issuance 14-77, the Individual Service Strategy (ISS) is the basis for the entire case management strategy. It is designed to be developed in partnership with the participant and reflect the needs indicated by the objective assessment and the expressed interests of the participant. The ISS is the framework for justifying decisions concerning the appropriate service mix and sequence of services.

The ISS is developed with the participant upon the enrollment into a WIOA Title I Youth program. It is reviewed and updated regularly as the youth participates in the program, and reviewed formally at least twice annually.

The ISS must:

- Include goals and service plans that are open-ended
- Map services that are consistent with participant needs and goals
- Contain both short and long term goals that are measurable and have target completion dates
- Be customizable to meet the needs and strengths of each participant
- As appropriate, include referrals made to entities external to the program
- Service element are associated with the goals
- Service plan is drafted in cooperation with the participant
- Include documentation of periodic review in cooperation with the participant
- Include participant and program representative signatures demonstrating mutual commitment
- Include date initially developed, review dates, and date of completion

The ISS captures: education history, work history, basic academic skills, career interests and skills, occupational skills, assets and strengths, labor market information, support services, goals with a plan of action, fourteen elements activities, and progress notes.

Objective assessments are completed with the following tools:

1. Basic/Academic skills: CASAS, TABE 9/10, GAIN, or MAPT
2. Career Interests: Mass CIS Interest Profiler
3. Occupational Skills: Mass CIS SKILLS
4. Assets and Strengths: Mass CIS SKILLS
5. Labor Market Information: Mass CIS Career InfoNet
6. Work Readiness: Massachusetts Work Based Learning Plan

Other objective assessment tools can be used, upon approval by OWD. Copies of the assessment results are kept in the youth's file and inputted into MOSES.

WIOA Youth-funded programs are given the option to use either the hard copy ISS form or the MOSES Case Plan as part of the youth file. If a program decides to use the ISS form, all information must also be entered into MOSES. See OWD's MOSES Guide for reference.

If a program decides to use the MOSES Case Plan in place of the ISS form, the following is entered into MOSES:

- Work Experience
- Education Information
- Basic/Academic skills assessments (add in pre- and post-test scores and test dates)
- Career interests assessments
- Labor Market Information
- Goals (add a description and plan of action)
- Barriers
- Services and corresponding notes

The Case Plan is then generated and printed through the Job Seeker/Documents/Job Seeker Case Plan feature in MOSES.

Once generated, the following is written or typed into the Case Plan:

- Skills
- Strengths and Assets
- Personal Interests
- Youth and case worker signatures

The Work Readiness assessment is completed separately and kept in the youth file.

IV. Social Security Policy

In order to help safeguard the personal information of prospective WIOA participants, *OWD does not accept social security cards as an allowable document in the eligibility process.* Any documents submitted to OWD with a social security number will be returned and/or deleted.

All MOSES Reports generated by OWD are reflective of this policy and only show the last four digits of the participant's social security number.

V. Selective Service Policy

Selective Service registration is required for all WIOA Youth participants who are male-born and 18 years old or older. *If a youth is not registered for Selective Service, he cannot become, or continue to be, a participant in the WIOA Youth program.* If a participant is 18 or older upon enrolling in a WIOA Youth program, the participant must be registered prior to WIOA grant enrollment.

Each WIOA Youth participant who is male-born and is not yet 18 years old is encouraged to sign the Commitment to Register for Selective Service form stating that he will register for Selective Service within 30 days of his 18th birthday as a condition for participation in the WIOA Youth program. When a youth turns 18 while enrolled in the WIOA grant, it is the responsibility of the participant to register and the responsibility of the WIOA-funded program to document and verify that the individual has registered.

Visit www.sss.gov to register online or to check a registration. It will verify SSS verification with the individual's social security number.

VI. Youth Supportive Services and Needs-Related Payments

In accordance with Mass Workforce Policy Issuance 07-56, the Economic Development & Industrial Corporation (Fiscal Agent), through its Office of Workforce Development (OWD), has established guidelines for youth supportive services, including needs-based payments. The section on youth from Policy Issuance 07-56 are as follows:

Supportive Services

Supportive services for youth are defined for youth in the WIA Rules and Regulations at §664.420 and §664.440 as including, but not limited to the following:

§664.420

- (a) Exposure to secondary education opportunities;
- (b) Community and service learning projects;
- (c) Peer-centered mentoring and tutoring services;
- (d) Organizational and team work training, including team leadership;
- (e) Training in decision-making, including determining priorities; and
- (f) Citizenship training such as parenting, work behavior training and budgeting.

§664.440

- (a) Linkages to community services;
- (b) Assistance with transportation costs;
- (c) Assistance with child care and dependent care costs;
- (d) Assistance with housing;
- (e) Referrals to medical services; and
- (f) Assistance with uniforms or other appropriate work attire and work-related tool costs, including such items as eyeglasses and protective eye gear.

Supportive services may only be provided to eligible youth who have been determined to be in need of such services for program participation, based on each youth's objective assessment and individual service strategy. Title I funded supportive services should be provided only to participants who are unable to obtain supportive services through other programs providing such services, and when they are necessary to enable youth to participate in Title I activities. Local boards may establish limits on the provision of supportive services or provide service providers with the authority to establish such limits, including a maximum amount of funding and maximum length of time for supportive services to be available to participants.

Needs-Related Payments

Needs-related payments provide financial assistance to individuals for the purpose of enabling them to participate in training and are one of the supportive services authorized by WIOA. The requirements for implementing needs-related payments for youths are:

- (a) Have been determined to be eligible for WIA Title I services.
- (b) Have received an Objective Assessment pursuant to WIA Section 129 (c)(1)(A).
- (c) Be enrolled in a program of services as determined by and documented in the Individual Service Strategy.

Needs-related payments may be provided to Youth who are enrolled in program services. Local Boards may establish procedures to allow youth service providers to provide payments under appropriate circumstances such as periods of inactivity between program activities.

Boston's Supportive Services & Needs-Based Payments Policy

Neither OWD nor the Boston Workforce Investment Board directly provides services to WIOA-eligible youths. Service providers are selected through a competitive Request for Proposal (RFP) process, usually conducted on a biennial basis. Selected service providers, must provide or make available, either directly or through referral, all of the required fourteen (14) elements of youth services as mandated by the law and as specified the RFP documents. The specific mix of services, including those specified in §664.420, is determined by the Case Manager, with the participant, as part of the development of an Individual Service Strategy.

Access to additional supportive services, such as those specified in §664.440, is also provided by the service provider, either in-house or through outside referrals. Service providers bear the cost of these supportive services, and they are instructed that non-WIA funds must be accessed first, although if needed, WIA funds may be used. Boston has chosen not to establish financial or time limits for supportive services for youth, including needs-related payments. Within the guidelines established under WIA law and regulations, and as further defined under Mass Workforce Policy Issuance 07-56, Boston allows the service provider case management staff to determine the need for such services, the amount and time duration, and where to allocate the cost of those services.

Appropriate guidance to current and potential service providers is provided through the RFP document, the Mass Workforce Policy Issuance, and through the monitoring process where applicable.

VII. 5% Window Policy

Boston Workforce Investment Board

I. Purpose

The purpose of this policy is to provide guidelines for the appropriate use of the 5% Window in providing eligibility documentation for youth Workforce Investment Act (WIA) clients in the Boston Workforce Investment Area.

II. Permitted Use of the 5% Window

In order for a Title I Youth to be eligible, the participant must meet each of the following criteria:

1. For youth served with allocated formula funds, the youth must be age 14 through 21 years of age [§101(13)]. For youth served with Recovery Act funds only, the upper age limit is extended through age 24 [American Recovery and Reinvestment Act of 2009 Title VIII (2)].
2. A citizen or national of the United States; lawfully admitted permanent resident alien, refugee, asylee, parolee, or other immigrant authorized by the Attorney General to work in the United States. §188(a)(5)
3. In compliance with the Military Selective Service Act. §189(h)
(This applies to males 18 or older who were born on or after January 1, 1960).

5% Window – §129(c)(5) - Not more than 5 percent of participants assisted in each local area may be individuals who do not meet the minimum income criteria to be considered for eligible youth, if such individuals are within one or more of the following categories:

- (A) Individuals who are school dropouts.
- (B) Individuals who are basic skills deficient.
- (C) Individuals with educational attainment that is one or more grade levels below the grade level appropriate to the age of the individual.
- (D) Individuals who are pregnant or parenting.
- (E) Individuals with disabilities, including learning disabilities.
- (F) Individuals who are homeless or runaway youth.
- (G) Individuals who are offenders.
- (H) Other eligible youth who face serious barriers to employment as identified by the local board (the specifics of “serious barriers” must be included in the five year plan).

Boston’s locally defined “serious barriers” from (H) above:

- a) Youth who failed the MCAS in the last round,
- b) Youth who has been identified as truant or as having as significant school attendance problem based on the BPS standard or law enforcement referral,
- c) Youth who requires English as a Second Language instruction,
- d) Youth who resides in a single parent household, or
- e) Youth who resides in a public housing development.
- f) Youth who is a foster child.

Up to 5% of the WIA Youth may be determined to be eligible if they meet all of the eligibility criteria except for income and if they possess at least one of the barriers in (A)-(H) above including Boston’s locally defined “serious barriers”.

III. Policy

In determining eligibility for Boston WIA Youth clients up to 5% of the WIA Youth may be determined to be eligible if they meet all of the eligibility criteria except for income and if they possess at least one of the barriers in (A)-(H) above including Boston's locally defined "serious barriers". This use of the 5% Window must be requested in writing by the direct service provider to Jobs and Community Services.

Questions should go to Larry Smith at 617-918-5262 or Larry.Smith.JCS@cityofboston.gov.

5% Window

In order to document eligibility for Boston WIA youth who meet all criteria except income, those who meet one of the locally defined and approved criteria below can document their eligibility by using one of the means below for the chosen criteria.

- 1) Youth who failed the MCAS in the last round
 - A) MCAS test results
 - B) Letter, report, or email from BPS, another school district, or program staff
 - C) Telephone verification from BPS, another school district, or program staff
- 2) Youth who has been identified as truant or as having a significant school attendance problem based on the BPS or other school district standard, or law enforcement referral
 - A) Report card with attendance information from BPS, another school district, or program
 - B) Letter, report, or email from BPS, another school district, or program
 - C) Letter, report, or email from law enforcement official
 - D) Telephone verification from BPS, another school district, program or law enforcement official
- 3) Youth who requires English as a Second Language instruction
 - A) Letter, report, or email from BPS, another school district, or program
 - B) Letter from a recognized community or youth organization (if other documents are not available)
 - C) Easily discernable need for English as a Second Language instruction (documented by statement from intake staff)
- 4) Youth who resides in a single parent household
 - A) Lease or landlord statement
 - B) Medical card
 - C) Divorce decree
 - D) Statement from DSS
 - E) Telephone verification
 - F) Applicant statement with parent signature
- 5) Youth who resides in a public housing development
 - A) Lease
 - B) Computer printout from other government agency
 - C) Driver's license
 - D) Postmarked mail addressed to applicant
 - E) Utility bill
- 6) Foster Child: As from State Issuance 09-20, attachment F:
 - A) Court contact
 - B) Court documentation
 - C) Medical card
 - D) Verification of Payments made on behalf of the child
 - E) Written statement from state/local agency
 - F) Letter from the state of Mass. EOHHS agency
 - G) Telephone verification if other forms of documentation are not readily available
 - H) Document inspection if provided document cannot be legally photocopied

VIII. Applicant Statement Policy

Boston Workforce Investment Board

I. Purpose

The purpose of this policy is to provide guidelines for the appropriate use of an Applicant Statement in providing eligibility documentation for youth Workforce Investment Act (WIA) clients in the Boston Workforce Investment Area.

III. Permitted Use of Applicant Statements

Applicant statements may be used, in a limited way, to document those items that, in some cases, are not verifiable or may cause undue hardship for individuals to obtain. Consistent with requirements described in USDOL Technical Assistance Guide (TAG) JTPA Title II Eligibility Documentation Guide (published in 1993 and adopted by USDOL for use in determining eligibility under Title I of the Workforce Investment Act), an applicant statement may be used *as the sole source document only* for determining family income, residence and family size or in determining whether a customer is to be considered “hard to serve” because of barriers of pregnancy/parenting or his/her status as “homeless”, an “offender” or a school “dropout”, and *may not be used as the sole source document* for any other eligibility criteria. Local Boards must develop policies that describe how applicant statements are used in conjunction with practicable attempts to secure recommended documentation. Applicant statements should be supported by a documented corroborative contact or reliable witness attesting to the accuracy of the statement. The corroboration may be via witness signature on the applicant statement form or supporting telephone verification form.

Example: Use of the sample APPLICANT STATEMENT FORM (Issuance 9-20, Attachment I) is as follows: If an applicant states that he/she is unable to provide evidence that no income was received during the past six months, and that he/she was unemployed for that period, the blank spaces following the words ***"I certify, under penalty of perjury, that I"*** may be completed, for example, as follows: ***"have received no income from any source during the past six months, that I have been unemployed during that time, and have been supported by donations/contributions from relatives and friends."*** This should be corroborated by the person(s) providing the support.

IV. Policy

Applicant statements may be used, in a limited way, to document those items that, in some cases, are not verifiable or may cause undue hardship for individuals to obtain. an applicant statement may be used *as the sole source document only* for determining family income, residence and family size or in determining whether a customer is to be considered “hard to serve” because of barriers of pregnancy/parenting or his/her status as “homeless”, an “offender” or a school “dropout”, and *may not be used as the sole source document* for any other eligibility criteria. Applicant statements should be supported by a documented corroborative contact or reliable witness attesting to the accuracy of the statement. The corroboration may be via witness signature on the applicant statement form or supporting telephone verification form.

Questions should go to Larry Smith at 617-918-5262 or Larry.Smith.JCS@cityofboston.gov.

APPLICANT STATEMENT FORM

The applicant statement may be used to document eligibility for family income, residence, and proof of family size when all other attempts to secure documentation have been exhausted.

IX. Requires Additional Assistance Barrier Policy

Boston Workforce Investment Board **Requires Additional Assistance Barrier Policy**

I. Purpose

The purpose of this policy is to provide guidelines for the appropriate use of Requires Additional Assistance as a Barrier in providing eligibility documentation for youth Workforce Investment Act (WIA) clients in the Boston Workforce Investment Area.

IV. Permitted Use of Requires Additional Assistance as a Barrier

In order for a Title I Youth to be eligible, the participant must meet each of the following criteria:

4. For youth served with allocated formula funds, the youth must be age 14 through 21 years of age [§101(13)]. For youth served with Recovery Act funds only, the upper age limit is extended through age 24 [American Recovery and Reinvestment Act of 2009 Title VIII (2)].
5. A citizen or national of the United States; lawfully admitted permanent resident alien, refugee, asylee, parolee, or other immigrant authorized by the Attorney General to work in the United States. §188(a)(5)
6. In compliance with the Military Selective Service Act. §189(h)
(This applies to males 18 or older who were born on or after January 1, 1960).
7. A low income individual. §101(13)
8. An individual who is one or more of the following: §101(13)
 - (i) Deficient in basic literacy skills.
 - (ii) A school dropout.
 - (iii) Homeless, a runaway, or a foster child.
 - (iv) Pregnant or a parent.
 - (v) An offender.
 - (vi) An individual who *requires additional assistance* to complete an educational program, or to secure and hold employment (see Definitions).

Requires Additional Assistance to complete an educational program, or to secure and hold employment (the sixth barrier). The definition of a youth that requires additional assistance will include an individual that:

- (A) is one or more grade levels below their age-appropriate grade level;* or
- (B) has a disability, including a learning disability;* or
- (C) requires additional assistance as defined by the youth council and approved by the local board. (Long term unemployment may not be used as a criterion to meet this definition of eligible youth.)*

**As adopted by the WIA Youth Subcommittee and approved by the WIA Steering Committee*

V. **Policy**

In determining eligibility for Boston WIA Youth clients to document a barrier for the youth, one of the barriers from 09-20, #5 above can be used. As approved by the Boston WIB Board and Youth Council, the following are also considered to be part of the definition of “5(vi) an individual who requires additional assistance to complete an education program, or to secure and hold employment”:

- a) Youth who failed the MCAS in the last round,
- b) Youth who has been identified as truant or as having as significant school attendance problem based on the BPS standard or law enforcement referral,
- c) Youth who requires English as a Second Language instruction,
- d) Youth who resides in a single parent household, or
- e) Youth who resides in a public housing development.

Questions should go to Larry Smith at 617-918-5262 or larry.r.smith@boston.gov

UNIFIED WORKFORCE INVESTMENT SYSTEM COMPLAINT PROCESS

EDIC, is required to comply with provisions of the Workforce Innovation and Opportunity Act (WIOA), its regulations, grants or other agreements. If you have a complaint about EDIC, its programs or activities which does not involve questions of equal opportunity or criminal activity, you may file a complaint with the EDIC Complaint Officer within one year of the alleged violation:

Complaint Officer
EDIC
43 Hawkins Street
Boston, Massachusetts 02114-2907
(617) 918-5200 - Ext. 5231

The Complaint Officer has 15 days from the date a written complaint is received to resolve the complaint. If the Complaint Officer has made a written request to the complainant (or the complainant's authorized representative) for additional information, the 15-day period does not begin until the local Complaint Officer has received the requested information. If the local Complaint Officer has requested additional information from the complainant or the complainant's authorized representative and does not receive a response within 20 days from the date the request was made the complaint is considered resolved. If EDIC does not provide a written decision within 15 days, you may request a review by the state Division of Career Services (DCS) within 15 days of the date you were entitled to a decision. If you are dissatisfied with the EDIC decision, within 20 days of receipt of the decision you may submit a written request for a review by DCS:

Department of Career Services
Charles F. Hurley Building
19 Staniford Street-1st Floor
Boston, Massachusetts 02114
Attention: Jose V. Ocasio, State Monitor Advocate

After 30 working days if resolution has not been accomplished at the State level, the State Complaint Officer will issue to the complainant and respondent, by certified mail, a written determination regarding the complaint. The written determination must include: 1) the results of the State level investigation; 2) conclusions reached on the allegations; and 3) an explanation as to why the complaint was not resolved.

Director, Civil Rights Center
U. S. Department of Labor
200 Constitution Avenue N.W.
Room N-4123
Washington, D.C. 20210

If you elect to file your complaint with EDIC, you must wait until EDIC issues a decision or until 90 days have passed, whichever is sooner, before filing with the CRC (see address above). If EDIC has not provided you with a written decision within 90 days of the filing of the complaint, you need not wait for a decision to be issued, but may file a complaint with the CRC within 30 days of the expiration of the 90-day period. If you are dissatisfied with EDIC's resolution of your complaint, you may file a complaint with the CRC. Such complaint must be filed within 30 days of the date you received notice of EDIC's proposed resolution.

Director, Civil Rights Center
U. S. Department of Labor
200 Constitution Avenue N.W.
Room N-4123
Washington, D.C. 20210

Si usted opta por radicar su querella ante EDIC, usted debe esperar hasta que el recipiente emita su decisión o hasta que hayan transcurrido 90 días, cualquiera que sea antes, antes de radicar ante el CRC (ver dirección arriba). Si EDIC no le ha contestado su decisión por escrito dentro de los 90 días después de radicada su querella, usted no necesita esperar por que se emita la decisión, sino que puede radicar su querella ante el CRC dentro de 30 días de la fecha de expiración del periodo de 90 días. Si usted no está de acuerdo con la decisión del EDIC/Boston sobre su querella, usted puede radicar una querella ante el CRC. Dicha querella debe ser radicada dentro de 30 días de recibida la notificación de la resolución propuesta por EDIC.

Patrono/Programa con igualdad de oportunidad. Sistemas y servicios auxiliares disponibles para personas con impedimentos si se solicitan.
